Games will be 10 min halves and 5 mins for half time. Please keep to the schedule as much as possible so all teams have equal playing time. This will give you a quick 5min break and walk to next field to begin next game.

Winning schools please e-mail me your results when possible so we keep a results table or give me results before we leave on the day..

Safety Issues

Coaches –

- Please make sure all your children have shade to be rested under when not playing games.
- Please have all children bring and drink from own water bottles.
- Children should eat meals during intervals between games.
- Also remind children before and during the day to apply sunscreen.
- All coaches need to bring first-aid kits.
- Please ensure all rubbish is picked up.
- Please bring your own markers to help with the field set up

Best of luck to all teams.
